JANUARY 27th

HPS BANQUET

Taix Restaurant, 1911 W. Sunset Blvd
\$14, send sase and check payable to
HPS to Stag Brown, 1001 Welton Way,
Inglewood 90302 by January 22.

Mark your calendars for these upcoming HPS hikes.....Decisions, Decisions

- Mar 10 Mt Harvard - Feather, Coles
- 10-11 Eagle Rest Pk, others - Backus, Martin
- 11 Mt Vetter - Brown, Palma
- 11 San Gabriel, Markham, Lowe - Waxman, Slocum
- 17 Smith Mtn - Cheslick, Curtis
- 18 Josephine, Strawberry - Brown, Thompson
- 21 Cole Pt - Davis, Maxfield
- 31 Peakbaggers Special - Phil & Ione Bruce
- 31-Apr 1 Hildreth Pk - Jump, Clinger
- 31-Apr 1 Indianhead, Whale - Jones, Hughes
- Apr 7 Wright, Circle(?) - Oakland, Kanne
- 7-8 Nicolls, Heald, Onyx #2, Pinyon, Scodie, Morris-Amack, Bruce
- 7-8 Owens, Aquila, Morris - Akawie, Goddykoontz
- 14 Monte Arido, Old Man Mtn - Akawie, Erspamer
- 15 Silver, Tip Top, Mineral - Campbell, Kanne
- 18 Josephine Pk - Backus, Goldberg
- 21 Hildreth Pk - R. Young, Breakwell
- 21-22 Iron #1 - B. Russell, Hicks
- 22 Rabbit #1, Granite #1, Round Top, Iron #3 - Brown, Thompson
- 28 Cobblestone, White - Coles, Tidwell
- 29 Iron #1 - Riley, Webster
- 29 Reyes, Haddock - Amack, Thompson
- May 5 Black #6, Red - R. Young, Breakwell
- 5-6 Eatle Crag, Boucher Hill, High Point - Blackwill, Nilsson
- 5-6 Cannell Pt, Onyx, Nicolls - Martin, Lindberg
- 6 Hike-a-Thon - Thompson, Brown
- 12-13 Cuyamaca, Middle, Stonewall, Oakzanita, etc-Amack, Fleming
- 12-13 Martinez, Sheep - Oakland, Blackwill
- 12-13 Black #5, Split, Sunday, Bohna - Backus, Goodykoontz
- 13 Gleason, "Bobcat Pk" - Thompson, Brown
- 16 Gleason - Suterhland, Amneus
- 19 Easy local peak - Nilsson, Slocum
- 20 Rattlesnake - Keeve, Erspamer
- 20 L.A. at Night - Brown, Thompson
- 26-29 Samon, W. Big Pine, Big Pine, Madulce - Trager, Martin
- Jun 2-3 Little San Gorgonio, Wilshire Mtn & Pk, Cedar, Birch, Allen,
Backus & Goodykoontz
- 2-3 Gold, Artic, Bertha, Delamar, Grays, Butler, Crafts - Tidwell,
Coles
- 3 Telegraph - J. Young, Brown
- 9 Haddock, Reyes - Martin, Lindberg
- 10 San Gorgonio - Nilsson, Blackwill
- 10 Winston, Winston Ridge - Thompson, Fink
- 10 Pallett, Pleasant View, Will Thrall - Dumie, Cecere
- 16-17 Peakbagger's Special - Tidwell, Campbell
- 17 Muir - Russell, Hayden
- 20 Pacifico - Goldberg, Salomon
- 23-24 Tehachapi, Double, Black #3 - Goodykoontz, Akawie
- 24 Pine, Dawson, Baldy, Throop, Baden-Powell - Dumie, Brown
- 30-Jul 1 Dragon's Head, Bighorn - Fleming, Kanne

Little, teeny, tiny note from the editor: Due to funds in our treasury I have been advised to keep the Lookout pages to a minimum. This means a certain amount of "editing" to meet space requirements. I still welcome all articles but they may be a bit briefer than the original.

IN MEMORY OF....October 16, 1983

To our Hiking Friends,

Our baby hiker, Krista Lee, passed away on October 9th very suddenly and unexpectedly. We know her short six months of life brought happiness and joy to us and to many other people as well. We miss her terribly. Krista had been our little hiking companion from the very start. She joined us on 15 HPS peaks before she was even born. When she was just seven weeks old we carried her up to Mt Mooney and Mt Sally. From then on Krista was a "regular" on the Griffith Park Tuesday evening hikes.

Early this morning the three of us returned to Mt Mooney, and we scattered Krista's ashes over the mountaintop. At the summit we left a new register in her memory.

Next time you're up on that peak, please think of our Krista...and look in on our little baby girl for us.

Sincerely, Leslie Kleinman & Bob Hornberger

ENJOY THE SATISFACTION OF SERVICE IN MOUNTAIN RESCUE

The Sierra Madre Search & Rescue Team has been in operation for over 30 years. We participate in searches and rescues throughout the western U.S. & Mexico, however, our primary area of responsibility is the local San Gabriel mountains. The Sierra Madre Team has had a long association with the Sierra Club, serving as the search & rescue coordinator for the Angeles Chapter. We have about 100 operations a year in addition to trainings and business meetings. Prospective members are screened on a variety of items. Although each application is handled individually, the primary qualifications for membership include: 1. have some basic mountaineering experience 2. Live within a reasonable distance of Sierra Madre (generally considered to be not more than 20-30 min driving time 3. be at least 21 years old 4. Be able to participate in at least 50% of team searches, rescues, trainings, and meetings (this means being able to contribute 400 hours or more/year. If accepted, new members will spend one year on a probationary status. During this time, in addition to passing a physical examination and background check by the L.A. County Sheriff's Dept., they are expected to attain the necessary search & rescue skills and to demonstrate their value to the team. Upon completion of this probationary period, an extensive field and classroom test is given. HPS members who meet our qualifications and are interested in being active members of the Sierra Madre Search & Rescue Team, are urged to contact Jon Inskeep at 213/790-5461.

From Jack "Who needs Harriette?" Trager who received the following message from Jay Suehiro: "I attended the wedding ceremony of Graham Breakwell and Grace. It was beautiful and interesting as I've never been to a Shinto shrine ceremony. Grace was particularly beautiful in her special wedding costume which is said to cost \$100,000! (ed: I wonder if that's yen or dollars?) After the ceremony, we went to a reception party at a local hotel and I had a wonderful time with guests including Graham's brother and his friends from LA. I felt like I was back in the states talking with Angelinos...I took a new job and consequently moved to the following address:

Jay Suehiro
Daigo Iwai Haitzu 301
53 Hojyo, Hojyo-cho,
Kasai City, Hyogo Pref.
Japan

I'm back at the research and feel great, although I don't know how long I'll stay here. Take care & please give my best regards and new address to all."

From the almost anonymous A.D...."On several occasions I have bought a topo map only to go home and find I already had a copy. To prevent any such future needless purchases, I made up the above list of all topo maps indicated on the HPS/DPS/SPS

peaks lists and check off those maps I have. I thought others might find the list useful so am sending it to you for possible inclusion in the Lookout. The letters H/D/S indicate whether the map is on HPS/DPS/SPS list. Maps are seven and a half minute except where noted."

CURRENT TRIP REPORTS

5

GRANITE PKS, MINERAL, TIP TOP Nov. 12, 1983 Jack Trager/Luella Martin

A drizzly, foggy morning. Calls until 11 pm the night before. "Are we going?" Meeting at Pomona carpool pt expecting a handful but 20 showed. At Rose Mine Rd & Hwy 18, Dick Akawie proved his route via Lucerne Valley was best, arriving 17 minutes ahead of the group coming thru Running Springs. Henry Heusinkveld coming by Barton Flats was last by a minute or two. Unfortunately, John & Ellen Klinepeter were delayed and missed the group. Our apologies for starting without them! Roger Gates met us at the jeep road to Granite and we caravanned in to the bawe of the mountain where I missed the final turn-off necessitating an extra 300 yard walk. The scramble up Granite included only a few deviations over stacked boulders. At the ridge notch, Alan Coles & Lew Amack took the high road over the old Granite Pk while the rest of us went around the back side to the register peak. Weather was clear and views exceptional with only a freezing cold wind on top to make us cuddle in the crevices. Lew Amack signed out to do Granite Point. At the cars, Ned Howell was missing, a search was started back up the mtn only to have him appear, having missed the cars and walked the wrong way on the road. Dick Akawie led the caravan to an inspection of the champion Joshua Tree. Frank & Hazel Goodykoontz were waiting at the intersection of the road to Tip Top. Luella led the group up Mineral and down by a circuitous route to avoid rifle fire. Tigers Alan Coles and Martin Feather, ran the ridge from Mineral to Tip Top while the rest drove back to the Tip Top roadhead. They arrived 25 min before the group but we attribute that in part to the fact that everyone else had to carry champagne and goodies up the mile and a half for Hugh Baker's list finishing party. Hugh has really torn up the list the last few months, scattering his new red cans as he hiked and the bash on Tip Top was a fitting climax. Others who dared the desert breezes and occasional drops were: Donn Cook, Charles Trilling, Betty Bergey, Ree van Oppen, Phyllis Denneford, Jim Kuivenen, John Southworth, Rosemary Maxfield, John Cheslick. Unfortunately, Rosemary slammed my truck door on her right index finger sustaining a painful break.

--Jack Trager

The clearest way into the Universe is
through a forest wilderness.

—John Muir

106 TOPS IN THE ANGELES FOREST, a guidebook giving location and access route for all the peaks in the Angeles Forest area, not just the ones on the HPS list. For each peak there is a description of the most convenient route, accompanied by a full-page segment of the corresponding USGS quad. The descriptions are based on first hand knowledge. There are subjective ratings of difficulty and environmental conditions. "106 TOPS" is 240 pages in 5½x8" format, with a durable sewn binding. At a price of 10¢ per peak, it should be a worthwhile part of any serious hiker's reference library. For sale at \$9.95 + .65 tax (total \$10.60) by the author: J.R. Bruman, 3527 Cody Rd, Sherman Oaks 91403.

WILL THRALL, PLEASANT VIEW RIDGE, PALLET-10-15-83 Luella Martin
Gordon Lindbert

Twelve strong, we left the Devil's Punch Bowl parking lot at 8:45 am. The new Desert Trail, a National Scenic Trail, undulates through live oaks and Coulter Pine, cipping into some little canyons colored by the gold of maple and red of poison oak. In 2 miles it connects with the Burkhart Trail. To reach this junction, our trail dropped at least 500' to cross Cruther's Creek. Some jeep roads and use trails in this area cause confusion. We got off route a bit and had a nice scree run. Just beyond this area, Ned Howell caught us. The younger half of the group got to Burkhart Saddle 10 min ahead of the "Geritol Set". However, by days end the elders did all 3 peaks, while some of the younger members quit after one or two. After a short break all 13 made Will Thrall where we ate lunch. Here 3 decided to go back to the saddle. 10 went on to Pleasant View Ridge. The view was obscured by clouds and haze. Back at Burkhart Saddle, 5 decided to leave, while 8 continued on to Pallett. We were rewarded near the cars by seeing 2 owls roosting in live oak trees. I think that by their size and markings they were Saw-whet owls. We arrived at the cars at 7 p.m. --Luella Martin

BIGHORN, ONTARIO, SUGARLOAF 10-23-83 Bobcat, Jim Fleming, Terry Rivera

40 Oktoberfest survivors met at Icehouse Cyn at 9 am Sun to help Terry celebrate her 100th Pk. 15 volunteer porters carried up the 10 essentials. We started slowly until the Oktoberfest wore off, stopping often to keep the Guides & Sherpas together. The expedition left the trail at Akawie Cyn. Terry led the "final pitch" to the summit. She gave the signed to unleash to "spirits" and in less than a minute things were really poppin'. Terry emptied her expedition backpack of all its wonderful contents--reminiscent of a list finishers part. Sandy Houston unveiled her pumpkin bread. A contest was held to see who could make their champagne cork pop the farthest. The next trip up Cucamonga please pick them up. Dick Akawie made good use of his gold sierra cup. A cheer was raised when Herb Dotzauer, recovering from a broken foot, reached the summit and finally Jim Fleming with the hardest job of "bringing up the rear." The party continued until not a creature was stirring, not even a Bobcat. Bob Kanne very carefully "pinned" Terry with her 100 peak pin and had her sign the official BOOK. A toast was given to Sue Palmer celebrating her XX birthday. Terry thanked those responsible for her joining in the Peaks game with "Big Iron" as #1. After the peak part, 13 hikers/survivors went to Ontario Peak and then down to Sugarloaf and thence out by a very steep route down to Falling Body Cyn and back to Icehouse Resort by 6.

There is a young hiker named Terry
Up her 100th Peak she did carry
Enough food and drink
Or so we did think
To make 40 peakbaggers so merry

--Bobcat

MESSIAH SING-ALONG PRACTICE Nov. 19-20, 1983 Ron Jones/John Backus

About 20 musical HPS members attended the Roger Wagner Messiah Sing-Aong at the Dorothy Chandler Pavilion in December, 1982 and enjoyed it so much that I thought it would be fun to organize a Messiah practice session for 1983. Early in 1983 I recruited the multi-talented John Backus to be my assistant, made a weekend reservation at Harwood Lodge and scheduled the practice along with assorted peak climbs and walks. As with the first time in many events it was sort of scary hoping everything would work out and required more organization than for any trip I have ever led.

Vic Henney had arranged for 4 climbing options starting at 7:30 Sat. a.m. from Harwood and things didn't look too good when only 12 HPS types (high class that is) showed up for the hikes. However, before the day was done we put hikers on top of Etiwanda, Cucamonga, Baldy, Telegraph & Sunset. Grace Marshall and I were to lead a 10 am walk--we had only 3 takers for our goal of the San Antonio Ski Hut. It pointed out that singers are a pretty laid-back relaxed group.

Before mid-afternoon there were 54 singers gathered around the organ loaned us by Charlotte Dodson ready to begin several hours of practice for the 4 separate voice sections. The soprano and alto sections distinguished themselves; the basses required a lot of instruction; while the tenor section had only a few members. Singing continued until 5 when it was decided we had generated a sufficient thirst to require refreshment. Here we had the opportunity for nearly 35 non-HPS members to meet and socialize with some of the Section's finest.

At six Edna Erspamer and Terry Rivera served up a delicious lasagna meal with all the trimmings including a late evening dessert of fruit ambrosia. After dinner John Backus again took over the organ keyboard and we practiced our choruses until 10. Later Sue Wyman with her guitar led 20 or 30 die-hard singers in a folk song "hoot."

Late Saturday night it began raining and the area was pretty soggy Sun. morning. Edna & Terry warmed us up with a large breakfast of blueberry pancakes & Sausage. At 9:30 all four sections joined together for the first time that weekend and spent 2½ hours practicing and singing all the pre-selected Messiah choruses. Our performance broke up at noon when a few people braved the cloudy skies to hike locally.

Monday night, December 12, a number of us met at the Itchy Foot Ristorante near the Music Center for dinner and then adjourned to the Dorothy Chandler Pavilion to show Roger Wagner our choral skills.

In addition to those people named, my special thanks go to Rita McGreevy and Helen Turley for their coaching and conducting assistance, to Jennifer Lambelet for furnishing scores, and to Keats Hayden, Henry Heusinkveld Bob Meador and Art Blauvelt for helping with hike leads.

I extend an invitation to all HPSers and their musical friends to join us at Harwood for next year's Messiah weekend.

--Ron Jones

conservation news

by BOB KANNE

The biggest environmental news of the past two months was clearly the resignation of Interior Secretary James Watt. Let's hope that William Clark will make significant changes in the Department, rather than continuing to implement the same policies using a more low-key approach.

Paul Sweetland has been appointed as the new Forest Supervisor for the Angeles Natl Forest. Sweetland was most recently the Supervisor of San Juan Natl Forest (Durango, CO), but he is also familiar with So. Calif because he worked on the Cleveland N.F. until 13 years ago. During his first week at the Pasadena office, he and 4 of his staff met for 3 hours with Sierra Club volunteers (Judy Anderson, Fred Hoepfner, Sally Reid, Bob McDonnell, and myself). The Forest Service says now that the Draft Angeles Forest Plan will probably be released between March & July, 1984. The public comment period for the RARE II re-evaluation of the Angeles N.F. ended Nov. 25. I was very disappointed when I learned that the national Sierra Club no longer has any staff member working full time on Forest Planning, although this area is one of the Club's 9 priority campaigns for 83-84.

An outline of the Sierra Club's staffing: San Francisco, 134 (including 16 in Conservation, 8 in outings); Washington, 12; Regional Offices, 41; Chapter Offices, 39; Legal Defense, 32. Total was 194 full-time and 64 part-time in 1982.

Jim Dodson announced that the following people have been nominated for the spring 1984 Board of Directors election: Michele Perrault (incumbent), Bob Howard (appointed incumbent), Richard Cellarius (former BOD secy), Joe Fontaine (former BOD pres), Jerry Lieberman (N. Carolina), Carroll Tichenor (Ky), George Shipway (San Geronio), Sally Reid (Ang).

The Sierra Club in Calif is trying to keep pressure on Sen Wilson so that he will agree to support a larger Calif Wilderness Bill. His current bill (S.1515) contains 1.3 million acres, much less than the 2.1 million acres in the Burton Bill (H.R. 1437). We will be phoning our members in January, asking for letters to Wilson. Please contact me if you would like to help. In the previous Lookout, space did not allow me to include that the wilderness permit system is not even mentioned in the Wilderness Act of 1964. Each national forest has considerable authority to decide how overuse of wilderness is best prevented and no law prevents them from making changes that would make the permit system less burdensome on hikers. For example, the increased use of self-registering permits for day hikes (now in Idyllwild) would make the process easier for the visitor in some areas (Baldy Village-Cucamonga).

I have been elected to the ExComm of the Angeles Chapter, and I would like to thank the HPS members who voted in the election. Because ExComm activities will take up a substantial part of my time, I am looking for a replacement as HPS Conservation Chair. This position involves attendance at some HPS meetings and some Chapter Conservation Comm meetings, but mostly it is an opportunity for someone to do any sort of conservation activity that one is interested in. Please contact me if you would like to consider this position. I plan to continue as an active HPS member and as Forest Planning Chair for the Chapter. As an ExComm member, I am interested in hearing your views on Sierra Club policy-- I'd like to hear from anyone who wants to participate more actively. It's YOUR club. Active participation is the best way to make it the kind of club you want it to be.

H A P P Y N E W Y E A R

PEAK CHANGES

John Backus, Chairman
Mountain Records Committee

THREE SISTERS PEAKS

As the name indicates, this peak has three summits. We have been climbing Elev. 7632', the lowest and farthest east of the three. Unfortunately, the private property problems in Big Morongo Canyon have made access to this summit more and more difficult. Hence last Nov. 16 a small group of us tried a climb of the highest of the three peaks, elev. 8080'+, from the west via the road from Coon Creek Jumpoff and along the ridge from Elev. 8350' (shown on the Onyx Peak 7-1/2 min. topo.) The route goes well, is strenuous but not as much so as the lowest peak, and the private property problem appears to be minimal. The Management Committee has therefore voted to change the location of Three Sisters to Elev. 8080'+, the western and highest of the three summits. This change has been incorporated in the new Climber's Guide for this peak.

CASTLE ROCKS

The recently issued San Jacinto 7-1/2 min. topo shows Castle Rocks at Elev. 8600'+, instead of the Elev. 8462', about one mile west, that we have been climbing. Elev. 8600'+ was climbed on a scheduled exploratory trip last Sept. 17. It was unanimously decided that the new location is a better peak than the Elev. 8462', so the Management Committee has voted to change the location of Castle Rocks to that shown on the San Jacinto topo. The new Climber's Guide for Castle Rocks reflects this change.

PILOT KNOB

This peak presents an access problem; the only way to get to it without wading the Kern River is through the Onyx Ranch. The manager of the ranch is willing to give permission for groups to cross the ranch property, provided that permission is applied for in advance for each contemplated trip. Directions for doing this are given in the new Climber's Guide for Pilot Knob; this guide is available in the second set of guides, listed elsewhere in this issue of the Lookout. Please do not try to climb Pilot Knob via the Onyx Ranch without obtaining advance permission.

CLIMBER'S GUIDES

John Backus

A new set of Climber's Guides is now ready, hot off the computer. there are 108 guides in the new set, of which 29 are revisions of some in the original set issued last summer; the remaining guides are new. Up until the February HPS meeting, I will mail copies of the second set for \$11.00 plus \$2.30 for first class postage. For those that missed the first set, I can mail copies of the combined sets for \$20.00 plus \$2.54 first class postage. I can also bring sets to the February meeting; call or write me.

Betty Bergey has volunteered to take over the job of mailing out individual guides and complete sets. For information see the inside back cover of the Lookout.

We hope that the HPS can recoup the computer expenses involved in preparing these guides; in that regard, please note that the Climber's Guides are copyrighted.

I expect to have another set ready soon, and will publish information on guide revisions and new guides in the Lookout

FROM THE CHAIR: Thanks for the opportunity to serve as chair. I hope your holidays were wonderful and the New Year will bring many good days of hiking. I want to thank the management committee for their hard work. Other hard working people in our section to thank are: Dick Akawie, John Backus, Jim Fleming, Terry Rivera, Edna Erspamer, Bob Kanne, Simone de Miguel, Bob Thompson, Joe Young, Adrienne Knute, John Land, Dave Burdett, Keats Hayden, Bill T. Russell, Marion Patey. Santa, I hope you remembered these good people. The new officers of the section are: Jim Fleming, Chair; Gary Campbell & Brent Washburne, Outings; Nami Takashima, Programs; Alice Hawkins, Secretary; Mickey Sharpsteen, Treasurer. We need 3 people to help: Council Rep, Conservation and Mailer. See Jim Fleming if interested. See you at the Banquet.

--Stag
