### FROM THE CHAIR

by Jon Sheldon

The year has flown by and we on the 1986 Management Committee now find ourselves beginning to think of the transition to the 1987 officers. The ballot for 1986 is attached and we urge each of you to vote and return it to Evan Samuels by 12/1/86. I would like to thank everyone involved in the ballot process: the Nominating Committee of Edna Erspamer and Micky Thayer, the Bylaw Committee of George Pfeiffer and John Southworth; Bob Kanne, Jack Trager, and Tom Neely for the arguments for and against the ballot issues; Evan Samuels for counting the ballots; and, of course, the seven candidates who have volunteered their services. (It's a shame all the candidates can't win!)

### ATTENTION PHOTOGRAPHERS

If you have any slides with members of the HPS on peaks, either long ago or current, we would like to use them in our slide presentation at the next Banquet. Be sure to send them with the year taken, mention the peak and some of the people's names in the slides. If interested, please contact **DOTTY RABINOWITZ**: P.O. Box 607, Sierra Madre, CA 91024, (818) 355-4611.

A note on the Bylaws. The revision was due to a new model drafted by the Chapter. We revised the Bylaws (previously approved December 1975) to comply with the mandatory provisions, and simplified the language. We endeavored not to make any substantive changes other than was required by the model or was necessary to reflect unwritten practices of the Section.

On the private property front, the charge against Carolyn West for trespassing near Tehachapi and Double Mtns. has been dismissed thanks to the efforts of George Pfeiffer (acting as a private citizen). I would recommend, notwithstanding the wording of Section 602(k) of the California Penal Code which appears to give people the right to cross fences as long as they leave when asked, that we respect the rights of the property owners and attempt to negotiate permission to cross the property prior to actually doing so. Not every property owner or sheriff is aware of the intricacies of the law and a citation could be issued as happened to Carolyn.

## MORE ON TRESPASS

by John Backus

The case of Carolyn West, who was cited by a deputy sheriff for being on private property during a return from Double Mountain, was dismissed for lack of evidence at a pre-trial in Mojave on Sept. 15. Thanks are due to George Pfeiffer for his efforts in getting the case dismissed. Any other outcome would have been a miscarriage of justice, since Carolyn had not violated any laws.

Knowing where we stand in the matter of trespass will be useful in the future. Repeated from my article in last month's LOOKOUT is a

copy of the pertinent section of the California Penal Code:

602. [Trespasses upon lands.]

Every person who willfully commits a trespass by any of the following acts is guilty of a misdemeanor:

(k) Entering any lands under cultivation or enclosed by a fence, belonging to, or occupied by, another, or entering upon uncultivated or enclosed lands where signs forbidding trespass are displayed at intervals not less than three to a mile along all exterior boundaries and at all roads and trails entering the lands without the written permission of the owner of the land, and

(1) Refusing or failing to leave the lands immediately upon being requested by the owner of the land, the owner's agent or by the person in lawful possession to leave the lands, or

(2) Tearing down, mutilating, or destroying any sign, signboard, or notice forbidding trespass or hunting on the lands, or

(3) Removing, injuring, unlocking, or lampering with any lock on any gate on or leading into the lands, or  
(4) Discharging any firearm.

For our peak-climbing purposes, we may draw two important conclusions from Section (k) of the code:

(1) If the land is not fenced, under cultivation, or properly posted with signs forbidding trespass, the owner cannot legally require you to leave the property.

(2) If the land is properly posted, fenced, or under cultivation, you can be arrested only if you refuse to leave the property when requested, or commit one of the other acts outlined in Section (k); you cannot be arrested for simply being on the property.

It might be helpful for anyone undertaking a climb involving private property to have along a copy of this article. It could be useful for restraining overzealous landowners and deputies. The threat of being arrested on private property can be countered by the threat of a suit

against the landowner or deputy sheriff for false arrest.

The three peaks about which the trespass question has recently come up--Tehachapi, Double, and Eagle Rest--may be legally climbed by following the routes given in the latest guides. Don't use earlier guides; use the ones dated /86.

**Note:** The Hundred Peaks Section Management Committee has not secured any legal opinion on the conclusions drawn or the propriety of the suggested reaction to a threatened arrest.

Combs Pk./316: 1/2 missing

If you are climbing any of the above peaks, please consider bringing a new register can and book. If you discover a peak which needs a new register, please advise either the Author or the Editor. Also,

please advise if you have replaced any of the missing or deficient registers or discover that any of the above reports are erroneous or out of date. (Since register books and pencils are so easy to carry all the time, peaks where only books or pencils are needed will not be listed.)

Carlton Shay reported missing or half-missing cans on Bertha, Little Bear, Crafts, and Keller. Fortunately, I was able to replace these myself the weekend of 10/11-10/12/86, except for Keller. With respect to Keller (and also Butler), the easy access and lookout tower make it seem unlikely that a register can could be maintained. At both these peaks, if the lookout tower is open there is a guest register inside.

To date, I have received an extensive list of missing register cans, but no reports of replaced registers. This won't work if only one-half of the job is done. Get your cans moving!

## TRIP REPORTS

**Bighorn, Ontario Pk.:  
7/19/86; Leaders: Luella  
Merlin, Jack Trager  
by Luella Martin**

Seven met by 7:00 a.m. at the Baldy carpool point, an eighth caught us at the Ice House parking lot. We were on the trail by 7:45, the cool morning was appreciated by all. At Columbine Spring, some backpackers informed us that a "short woman" was looking for the Sierra Club. When we arrived at Ice House Saddle, we found Judy Ware. She'd gone to the Pomona carpool point and saw the cars from a Goodykoontz/Akawie trip and thought we were ahead of her.

After a short rest, we climbed Bighorn. I missed the shade of the pre-fire summit, but was encouraged

by the presence of lodgepole seedlings. We had a clear morning, so the views from the summit of Bighorn were very good. The walk along the ridge to Ontario presented better views. We reached Ontario right after noon. Smog was beginning to haze the lowlands, but the views from Baden Powell to the Wilson area were still very good.

Jack and I could not agree where Falling Rock Canyon takes off. Berry Hochin signed out for a climb of Sugarloaf Pk. I took the rest back via the trail, since I've never done the traverse and Jack wasn't at all sure of the take-off point. Berry arrived back at the cars just ahead of the group. He stated that my take-off point was correct. I'm grateful for Jack's assistance, as he did not need any of these peaks. At least I got two more in my effort to chase Edna.

### Write-up #2:

**1st MPS Surprise Peak-nic:  
7/26/86; Leaders: Jon  
Sheldon, Ruth Adler;  
Organizer: Dotty Rabinowitz  
by Dotty Rabinowitz**

On Sat., July 26th, 18 people met at the La Canada carpool point for the first Surprise Peak-nic. It was there that we decided to let everyone know that we were going to Mt. Islip. It was a beautiful day and we enjoyed the walk up to the easy peak. We told jokes at the top, most of them escape me right now. After having had enough of the "groaners", we headed for Little Jimmy Campground for a sharing of goodies. Jim Adler carried up a whole watermelon and coaxed people to finish it so he wouldn't have to take it down. After feasting, we had a frisbee game for those of us who wanted to burn off the goodies, while others just kicked back for awhile. There were three Ruth's on the hike, which led Jon Sheldon to remark: "At least we weren't Ruthless".

Considering this trip didn't make the schedule, it was a success and we look forward to the next Surprise Peak-nic.

**San Bernardino (10,691),  
Anderson Pk. (10,864),  
Shields Pk. (10,701):  
8/2/86; Leaders: Joe Young,  
Stag Brown  
by Joe Young**

Fourteen people showed up at the Pomona carpool point early this Sat. for carpooling to the Momyer (pronounced "moe-meyer") Creek Trailhead in Forest Falls. At the roadhead, we were joined by two who had driven from San Diego for the event. While the weather was warm down below our 8:00 a.m. start enabled us to miss most of the heat as the trail climbs steeply all the way to the San Bernardino ridge crest.

After fording Mill Creek the trail begins climbing unevenly, then becomes a long switchback before the steepest stretch begins. Within two hours the trail forks, with only a signpost placed high up on a tree. Staying left, the trail continues its steep climb. After our second rest stop, Alterio "Bill" Banks left the group, apparently not satisfied with the 1800' per hour ascent rate. Most of the group arrived at the ridge top at about noon. A little later, "The Lover Bill" arrived and informed me that one hiker couldn't keep up and had signed out. The remaining fourteen of us enjoyed our rest on San Bernardino East Pk., which summit is just west of the intersection of the Momyer Trail and the San Bernardino ridge trail. Leaving the peak about 1:30, the group charged over to Anderson, then to Shields.

After a brief respite on Shields, we proceeded east to the Dollar Lake Saddle. On the way there, several hikers followed Bobcat Thompson to a bump on the ridge called Alto

Diablo. After collecting everybody at the saddle, we headed down towards Alger Creek. There is a charming campground nestled along the trail which was unused this weekend. The trail winds in and out of deep recesses passing several waterfalls. Eventually, we intersected the Momyer Trail, completing a long loop. Heading down, we wearily made our way out to the cars, stopping to cool our feet in the creek. We arrived at the creek at about 7:00 p.m.

This was quite a day. We estimated the outing had involved 20 miles and about 7,000' of gain. It had proved to be a good tune-up for hiking in the Sierra Nevada. Afterwards, many of us reconvened at a Mexican restaurant in San Bernardino.

**Peak Register Talk:  
8/10/86  
by Bobcat Thompson**

On an August 10th trip from Baden Powell to Mount Islip, the following was seen in the peak registers. "July 27, 1986, Throop Peak, R.S. Fink, 31 times, 3365 peaks." And on Middle Hawkins: "July 27, 1986, 26 times, 3366 peaks." It is always a treat to see Sam's name in the peak registers, and an even bigger one to actually meet him on the trail and talk over "old times".

Also seen on this trip was the just completed Hawkins Ridge Trail by Charles Jones and Company. It is a beautiful trail on the east side of the ridge extending from South Mount Hawkins, around Middle Hawkins and joining the Pacific Crest Trail about a half-mile west of Mount Hawkins. A beautifully done trail for which Charles and Company should be thanked. We now have a great loop trip from Crystal Lake to do the entire Hawkins Ridge.

**Shields, Anderson, E. San Bernardino, San Bernardino:  
8/16/86; Leader: Evan  
Samuels, Asst.: Jim Adler  
by Evan Samuels**

Since Jon Sheldon was not feeling well, I led the trip along with Jim Adler, who stepped in at the last minute to serve as assistant. Jon was not the only cancellation. Though two days beforehand there had been a full trip and a waiting list of three, only eleven of us met at the Forsee Ck. Trailhead at 7:45 a.m. on a sunny Sat. morning. We reached the San Bernardino Peak Divide Tr. a little after 11:00 a.m. and then did the peaks going from east to west, starting with Shields. After we ate lunch on Anderson, Diane Emmons bagged her hundredth peak on East San Bernardino. CONGRATULATIONS! After ascending San Bernardino, we continued west, stopping briefly at the Washington Monument, which has a new plaque on it, and hiked down the trail to Manzanita Springs. There, we took a trail marked to John's Meadow back to the trailhead. The trail to John's Meadow is not on the topo, but is on the Forest Service Map as well as on a smaller green Forest Service Map of the San Geronio Wilderness, which is more detailed (which Bob Dubeau was kind enough to share with us). The trail is steep, but easy to follow, and scenic. There is only one place where you can go wrong: after crossing the creek leaving John's Meadow, turn on the trail going left (downstream). We returned to the cars at 7:00 p.m. where we celebrated Diane's hundredth peak with champagne and homemade cookies (courtesy of Alice Cahill) and other goodies. Everyone felt like the trip was more than 18 miles long. Indeed, one participant's pedometer indicated 21 miles. Thanks to Ruth Adler for assisting with sweeping and to Jon Sheldon, who planned and organized the whole trip.

**Dobbs, San Gorgonio:**  
8/23/86; Leaders: Luella  
Martin, Jack Trager  
by Luella Martin

Saturday, six witnessed the ending of an era. On Dobbs Pk. around 11:15 a.m., **Jack Trager completed the list for the second time.** He said "twice is enough." He brought along a bottle of champagne, but since four of us are WCTU fellowtravelers, he had to leave some of it for John Backus's group who were planning to celebrate John's 1600th peak on Dobbs that afternoon. We'd passed John and ladies near Slushy Mdws. on the way in.

We had a late lunch on San Gorgonio where we found my father (age 80) and his friend, Fred Rapellin, waiting for us. They thought we were ahead as we'd passed them near Dollar Saddle earlier that morning. They left soon after our arrival and we didn't catch them until past Dry Lake. I took the group to Slushy Mdws. via the Sky High Trail and then let Jack lead them out while I waited for Fred and Pop at the stream crossing. (I'm not the only Martin who has had trouble with logs.)<sup>a</sup> All eight were out before 6:00 p.m. Jack served chips, dips, sodas and beer at the cars. Nobody wanted champagne. MADD would be proud. The celebrants were: Jack Trager, Annemarie Schober, Erwin Aichele, Donn Cook, Art Schain, Fred Rappellin, Phil Martin, and myself. John's group missed out since they were not out when we disbanded at 6:30 p.m.

<sup>a</sup>cf the Gomez trip report for the true story of my weekend as a toothless hag.

(Note: See the 9-10/86 issue of the LOOKOUT, pg. 13, 7/26-7/27/86 write-up.)

**Crafts, Butler: 9/6/86;**  
Leaders: Jack Trager,  
Betty Stirratt  
by Jack Trager

Much to the leaders' surprise, 34 turned out for this bush-whacking expedition!

We first assembled at the Pomona carpool point, and then rendezvoused at the trailhead for Crafts Peak at about 8:30 a.m. and hit the trail about 15 minutes later. The initial climb up the primary route from Highway 30 was a good "waker-upper" and we were on top by 9:30,...then the fun began.

I had scouted in a ways from the Butler end, but misjudged both the distance and the depth of the buckthorn. We stayed on rocks and in the relatively clear areas under trees whenever possible, but much of the way simply required the use of feet and bodies to crush a path through the brush. We did considerable cutting, but it made little impression overall.

Four turned back after reviewing the situation, but the rest pressed on and arrived at Butler Peak about 1:30 where the welcome from the fire lookout and the tremendous all-directional views made it seem worthwhile. Betty led back following the trace we had made in the morning and it went somewhat faster. Though even with the crushed pathway, climbing over the buckthorn wasn't easy. John Southworth and Isabelle Gat signed out and slid down the mountainside to Highway 30 and walked it back to the cars arriving one and a half hours earlier than the main group at 5:30 p.m.

As John Backus said: "I'll change the guide to Butler from 'no alternate practical' to 'its possible from Crafts, but t'aint easy'."

**San Jacinto, Folly, Joan.**  
Marion: 9/6-9/7/86;  
Leader: Patty Kline, Ass't.:  
Alfredo Sanchez Gomez  
by Patty Kline

Seven of us met at 7:00 a.m. Saturday morning at the Humber Park roadhead in Idyllwild. The weather was great. The rangers stopped us two times asking for permits on our way up the 4000' gain. We had lunch half-way up at a beautiful stream. About 3:00 p.m. we hid our packs near the San Jacinto Trail and bagged San Jacinto and Folly. The tram is closed this time of year so there were very few people. Unfortunately, I lost my camera on Folly. If anyone wants it, all you have to do is look all over the mountain for it and it is yours.

We camped in Little Round Valley that night. Bill Crane, Rocky Morton, and I shared a very delicious and spicy Thai dish for dinner which Bill had cooked. There was enough extra for everyone else to eat, too.

The next morning Joe Rojas left his Swiss army knife somewhere in camp. He had to hike back down the trail a mile to retrieve it. At the San Jacinto Trail Junction we left our packs again. The group climbed Jean and Marion, having lunch at the top of the summit block of Marion.

Other trip participants were Pat Nesserly and John Ryder. We all got back to the cars at 6:30 p.m. on Sun.

**Iron Mtn. #1: 9/27-9/28/86;**  
Leaders: Bill T. Russell,  
Carter Shay  
by Bill T. Russell

Our 14th annual routebaggers climb of Iron repeated the climbs made in 10/80 and 11/83 of the north gully and north ridge. We left the East Fork trailhead at 8:30 and had lunch in the Narrows. We then went up the Fish Fork and its south branch to our planned bivouac

spot at the floor of the north gully. It had rained over an inch two days earlier so the river was up and we waded the stream crossings. We have seen bighorn sheep on previous trips in this area, but we saw none this time.

Everyone had a comfortable night except Bobcat who was traveling so light that he had brought no sleeping bag and had opted to shiver in his clothes wrapped in his tarp. Of course, his light pack paid off on the climb the next day. On Sunday, we climbed the mountain and descended the standard south ridge to end an interesting and enjoyable trip.

The route was described in the Nov.- Dec. 1980 LOOKOUT and is repeated here. The base of the gully is a 20' dry waterfall with moss and a 12" dia. log leaning against it. It is about 30' from the stream at elevation 4040'. Its UTM coordinates are 34149608 which is near the middle of the NE quarter of Sec. 33. Above the the first waterfall is another higher one that is surmounted by climbing through light brush and easy 3rd rock on the left. Above this, the gully is good brushless 2nd class with spots of easy 3rd and spots of rock fall hazard where climbers should go one at a time. At perhaps 5400' a head wall is reached with a notch that is easy to climb through. Above this, the gully bends to the SE and ends on the north ridge at 5900'. The route continues up the north ridge over steep but pleasant 2nd and easy 3rd class rock with very good sheep trails to help point the way.

There is some brush, overhanging branches and narrow spots, so a pack without protuberances such as a wide insulating pad or a frame extension is preferred. An internal frame pack of moderate size is best. One should travel light; there is no need to cook nor to carry a tent.

Participants were: the leaders, Mike Casanova, Tom Duryea, Bobcat Thompson, Fran Spector.

The 15th annual routebaggers climb of Iron will be in May 1987 via Baldy and the San Antonio Ridge.

## ADDITION OF CHALK PEAK

### **ARGUMENT IN FAVOR**

by Jack Trager

I wish to recommend that Chalk Peak (6089') be readded to the list.

Chalk Peak was delisted in February of 1981 following a rather scary outing up the east slope and down across the shooting range where there was danger from errant bullets.

1. There is now an entirely safe route. Gordon Lindberg and I scouted a safe alternate route from the north side on October 1985 and, subsequently, Betty Stirratt and I led a group of 9 hikers up the peak on 4/5/86 up the north ridge and down the west side.
2. It is a worthwhile peak with fine views.
3. Distance to the top is only about 1.5 mi. with 1600' of gain.
4. It can make a nice outing in combination with Gobbler's Knob and/or Circle Mountain.

**NOTE: NO OPPOSING ARGUMENT WAS SUBMITTED.**

## TRAIL MAINTENANCE

### **Proposed Amendment to the Hundred Peaks Section Bylaws:**

The specific changes to the language of the 1982 Bylaws and the proposed revised 1986 Bylaws are set out in bold type. The section designations for the proposed revised 1986 Bylaws are given in parentheses.

Article VII: Emblem Status (Section 7. Recognition of Achievement)

#### Section 1 (7.1)

The Management Committee shall award emblem status to an active member who has climbed 100 peaks on the Peak List **and completed one day of trail work on a regularly-scheduled Sierra Club trail maintenance trip. Recognition will be given after the member has** submitted in writing to the Treasurer a list of peaks climbed, dates of ascent, **and date of trail work.** Those awarded emblem status shall be entitled to wear the Section emblem pin and emblem patch.

Similarly, in Sections 2 and 3 (7.2 and 7.3):  
...climbed 200 peaks **and completed two days of trail work...**  
...climbed all the peaks on the Peak List as of the date of the last ascent **and completed three days of trail work...**

## TRAIL MAINTENANCE

### **ARGUMENT IN FAVOR**

by Bob Kanne

1. It's needed. Most trails in our area are highly erodible and rapidly overgrown, yet government funding for trails has dwindled. Angeles National Forest spends less than 0.5% of their budget on trail maintenance, and the Reagan Administration is proposing a 75% cut for fiscal year 1987.
2. The HPS has an obligation to help since we use so many trails.
3. The Sierra Club trail crews have skilled leaders, but need more bodies. Maintenance techniques learned from the leaders can be used by HPS members on other trails that we use.
4. It's not a new idea--the Orange County Peaks and Trails Emblem already has a similar requirement.
5. Many trail maintenance trips are scheduled by the Angeles Chapter (5-7 per month) and other Chapters, so it shouldn't be hard to find convenient ones to go on. Tools are provided for those who don't have them.
6. It earns respect for the Club among Forest Service staff, other forest users, and the general public. "We don't just complain about problems, we help solve them". It would also earn respect for the HPS among those Club members who don't think we do enough for conservation.
7. It serves conservation goals by getting more people to use the trails. Areas that are hardly ever used by hikers are more likely to be developed for ORVs, target shooting, ski lifts, etc. The Angeles National Forest says that just 5.5% of its users go there to hike (ORVers are 5.0%).
8. Once HPSers give trail maintenance a try, they might decide they like it and invite their friends along, too!

### **OPPOSING ARGUMENT**

by Tom Neely

1. The emblems have traditionally been awarded for ascending 5000 foot summits, and adding trail maintenance could lead to other requirements for special interests, such as hot springs and flower identification. Many HPS members only joined for hiking. Some members just don't want to do it. Trail maintenance could discourage new and continued membership in the Section.
2. The requirement might not even contribute anything to trail maintenance since there were only 48 emblems, bars and pins awarded in 1985, and at this writing only 29 have been awarded in 1986. One awardee took 16 years to complete the list. These do not represent too many maintenance days for a Section which listed over 350 members in a recent LOOKOUT. The Section should find other ways to encourage trail maintenance since 249 of the 350 active members have 100 peaks, and 70 of those who have completed the list will not be required to do trail maintenance.
3. The HPS has members living in San Diego and Santa Barbara and it should ensure that trail maintenance is accessible to them.
4. The Hundred Peaks Section does not sponsor its own trail maintenance as an HPS activity. HPS members will be forced to rely on the activities and approval of other clubs and sections whose leaders are not always HPS members.

SECTION 1. NAME, ORGANIZATION AND MEMBERSHIP

1.1 Section Name

The name of the Section is the Hundred Peaks Section of the Angeles Chapter of the Sierra Club.

1.2 Constitution

The Section is constituted by action of the Executive Committee of the Angeles Chapter (the "Chapter") of the Sierra Club (the "Club") in accordance with and subject to the provisions of the Club Bylaws. The Section is an integral part of the Chapter and Club and is governed by their Bylaws; it is not a separate legal entity.

1.3 Purposes

The purposes of the Section are to encourage its members to explore and enjoy the mountain ranges of Southern California and to become familiar with their scenic resources; to preserve their forests, waters, wildlife, and wildernesses; to enlist public interest and cooperation in protecting them; and to foster among its members the purposes of the Club as stated in the Club Bylaws:

"To explore, enjoy, and protect the wild places of the earth; to practice and promote the responsible use of the earth's ecosystems and resources; to educate and enlist humanity to protect and restore the quality of the natural and human environment; and to use all lawful means to carry out these objectives."

1.4 Membership

A. Section membership shall be open to Club members in good standing upon completion of the following:

1. Ascending at least twenty-five peaks on the Section Peak List.
2. Submitting a written application to the chair of the Membership Committee, including a list of qualifying peaks and the date of ascent of each.
3. Subscribing to the Section newsletter, known as "The Lookout." New member subscriptions received after June 30 shall apply both to the remainder of the current year and to the subsequent year.
4. Receiving Management Committee approval.

Section members shall be entitled to wear the Section membership insignia.

B. There are two classes of regular members - active and inactive. Only active members may vote. To remain an active member an individual must:

1. Remain a Club member in good standing; and
2. Subscribe to the Section newsletter.

Subscriptions are due on January 1 and become delinquent on March 31. Where two or more family members, residing at one address, are Section members, one subscription satisfies the requirement for the family.

The list of active members shall be published in the Section newsletter in the first issue published after March 31 of each year.

Inactive members are members not qualifying for active status. Inactive members may return to active status by fulfilling the requirements of 1. and 2. above, that is, by rejoining the Club and/or resubscribing to the Section newsletter for the current year.

C. The Management Committee may elect honorary members of the Section by unanimous vote of the members present. Honorary members are exempt from the provisions of paragraphs 1.4 A. and B. but are not entitled to vote or to hold office. Honorary membership is intended to be limited to individuals who have provided exceptional service to the Section.

## 1.5 Section Meetings and Annual Banquet

### A. Regular Meetings

Regular Section meetings shall be held at times and places the Management Committee specifies, but not less than once per calendar quarter. A quorum for the conduct of business at a regular meeting shall be three percent (3%) of the active Section members.

### B. Special Meetings

Special meetings may be called by the Chair with appropriate notice to the membership stating the time, place and purpose of the meeting. Special meetings shall be called by the Management Committee upon written petition, signed by at least twenty-five (25) active Section members, to consider a specified subject or subjects. Special meetings shall be held within thirty (30) days after receipt of such petition. Special meetings shall be conducted in the same manner as regular meetings. A quorum for the conduct of business at a special meeting shall be seven percent (7%) of the active Section members.

No binding action may be taken at a special meeting of the Section, but resolutions may be adopted addressed to the Management Committee, the Chapter Executive Committee, the Club Council, or the Club Board of Directors. A meeting may also direct the Management Committee to conduct a referendum (election) by mail ballot of the entire Section membership on a specified issue.

### C. Annual Business Meeting

An annual business meeting of the Section shall be held in October of each year.

### D. Conduct of Meetings

The Chair or, in the absence of the Chair, the Vice-Chair, shall conduct meetings. In the absence of the Chair and Vice-Chair, another Management Committee member, elected by Section members present, shall conduct meetings. In the absence of all Management Committee members, Section members present shall elect a temporary chair from among their number.

### E. Record of Meetings

The Secretary shall keep a record of all meetings at which business is conducted.

### F. Notice of Meetings

Notice of meetings shall be given to the members by publication in the Chapter Schedule or the Section newsletter. The notice shall specify the date, time, place and purpose of the meeting and must be given at least two weeks prior to the meeting.

### G. Annual Banquet

A banquet shall be held in January of each year. At the banquet the awards described in Section 8 of these Bylaws shall be presented.

## 1.6 Elections and Voting

### A. Conduct of Voting

Section members shall annually elect the Management Committee in the manner specified in paragraph 2.7 of these Bylaws. Special votes on any proposal within the province of the Section shall be held either by direction of the Management Committee, a Section meeting, the Chapter Executive Committee, the Club Council, or the Club Board of Directors, or upon a petition to the Management Committee signed by at least five percent (5%) of the active Section members. The direction or petition shall set forth the proposal(s) to be voted upon in proper form for ballot. For matters other than the election of Management Committee members, balloting shall be by mail, conducted as follows:

1. Proposals shall be presented to the members for discussion at the annual business meeting or at a special meeting called for that purpose.
2. Proposals shall be published in the Section newsletter following such annual or special meeting.

3. Within thirty (30) days after such annual or special meeting, the Secretary shall mail ballots, accompanied by arguments for and against the proposals to all active members. Whenever possible, mailing shall be accomplished by including ballots in the Section newsletter.

4. Ballots must be returned to the Elections Committee prior to the first Management Committee meeting held at least three weeks after the date ballots were mailed. Ballots received after such meeting is called to order shall not be counted. Elections shall be conducted in a manner to ensure facility of voting and secrecy of each member's ballot. Voting results shall take effect immediately and shall be announced at the next Section meeting and in the Section newsletter.

#### B. Vote Required

A majority of members voting is required for all actions except the removal of an elected member of the Management Committee, which requires a two-thirds majority of members voting. If a Management Committee member is so removed, the resulting vacancy shall be filled, for the remainder of the unexpired term, in a special election following the procedures for annual elections of Management Committee members. Such special election shall be held within three months of such removal.

### SECTION 2. MANAGEMENT COMMITTEE

#### 2.1 Composition

Subject to the powers of Section members as provided in these Bylaws, Section business shall be managed by a Management Committee of seven (7) members. Six members shall be elected annually. The seventh shall be the immediate past Chair. Elected Management Committee members shall take office on January 1 of the year following their election and shall serve for one (1) year and until their successors have been elected and assume office. The chairs of the Membership and Conservation Committees, if not already members, shall be ex-officio Management Committee members without vote.

#### 2.2 Powers

Only the Management Committee or those specifically authorized by it shall act in the name of the Section. The Management Committee may make rules and regulations for carrying out the policies and procedures established by these Bylaws. Section actions must be consistent with Club purposes and with the policies and directives of the Chapter and the Club Board of Directors. In disputes concerning Management Committee actions, the Chapter Executive Committee may determine the procedures to be followed.

#### 2.3 Meeting Schedule

The Management Committee shall normally conduct business at regular meetings. Regular meetings shall be held monthly at times and places the Management Committee specifies. Such times and places shall be announced in advance to Section members at regular Section meetings and in the Section newsletter. Special Management Committee meetings may be called by the Chair, or any three Management Committee members, but only on at least seven (7) day's notice, unless all Management Committee members waive notice. Due notice of the schedule of regular meetings shall be given to all Management Committee members.

#### 2.4 Open Meetings

Management Committee meetings shall be open to all Club members in good standing. In unusual circumstances the Management Committee may convene in executive session for discussion of sensitive issues, but shall take no vote except in open session.

#### 2.5 Quorum

A quorum for the conduct of business shall be a majority of Management Committee members then in office. Members may deliver absentee ballots to the Chair, either in writing or by telephone, on specific issues. Absentee ballots shall be counted, for vote and quorum purposes, if either a discussion of the issue has occurred at a previous meeting or the arguments pro and con have been included with the call of the meeting.

A quorum may act without a formal meeting only when quick action is necessary and there is insufficient time to call a special meeting, or if prior authorization to so deal with a specific issue has been given at a meeting, provided in either case that a determined and documented effort has been made to contact all Management Committee members. Any action so taken shall be reported to all Management Committee members as soon as possible following such action and, to remain in effect, must be reaffirmed by the Management Committee at its next meeting.

## 2.6 Conduct of Meetings

The Chair, or in the absence of the Chair, the Vice-Chair, shall conduct Management Committee meetings. In the absence of the Chair and Vice-Chair, Management Committee members present shall elect a temporary chair from among their number.

## 2.7 Elections

### A. Timing

The six elected Management Committee members shall be elected annually in the fourth quarter of the calendar year.

### B. Nominating Committee

Not later than 3 months before each Closing Date (see 2.7C below), the Management Committee shall appoint a Nominating Committee of at least three Section members. No Management Committee member may serve on the Nominating Committee.

### C. Candidates

The Nominating Committee shall submit a list of nominees to the Management Committee and the membership at the September meetings (the "Closing Date"). Nominees must be active members in good standing who consent. At least two (2) more candidates shall be nominated than the number of Management Committee members to be elected. The Nominating Committee may select candidates from among its own members. Reasonable opportunity shall be given for Section members to submit names for consideration by the Nominating Committee. The name of any active member in good standing, proposed in a written petition by ten (10) active members, and who consents, shall also be included on the ballot, provided that the petition and statement of consent are received by the Secretary at or before the October Management Committee meeting. Reasonable notice of the right to submit names to the Nominating Committee, and of the right to nominate candidates by petition, shall be given at a regular Section meeting and in the Section or Chapter newsletter.

### D. Elections Committee

Prior to the date scheduled for the mailing of ballots, the Management Committee shall appoint an Elections Committee of at least three Section members. No nominee may serve on the Elections Committee. The Elections Committee members shall elect a chair from among their number.

### E. Balloting

Under the direction of the Elections Committee, the Secretary shall prepare and mail to all active members ballots containing the names of all nominees. Mailing shall occur at least three weeks before the Election Date (see below). Ballots shall list the names of all nominees in a sequence determined by lot. Ballots shall allow each member to vote for as many candidates as there are positions to be filled. Cumulative voting is not permitted. Ballots shall be returned to the Elections Committee chair, who shall deliver them unopened to the Elections Committee prior to the Management Committee's meeting in the following December (the "Election Date"). Elections shall be conducted in a manner to ensure facility of voting and secrecy of each member's ballot.

### F. Counting Ballots

The Elections Committee shall open and count ballots at the December Management Committee meeting. Ballots received after this meeting is called to order shall not be counted. The Elections Committee shall determine the validity of the ballots, count the valid ballots and immediately report to the Management Committee the names of the six nominees receiving the highest number of votes, who shall be elected. Ties shall be resolved by lot, in the presence of the affected nominees or their authorized representatives. The Secretary shall immediately notify the elected nominees of their election. Ballots shall be sealed and retained by the Secretary for sixty (60) days after the election unless a longer period is directed by the Management Committee.

## 2.8 Vacancies

Vacancies in elected positions shall be filled for the remainder of the unexpired term by majority vote of the remaining Management Committee members, except when a vacancy results from removal in a special election as provided in paragraph 1.6 B. of these Bylaws.

## 2.9 Absences

The unexcused absence of a Management Committee member from three consecutive regular Management Committee meetings will constitute a resignation if two-thirds of the remaining Management Committee members so vote.

### SECTION 3. OFFICERS AND APPOINTEES

#### 3.1 Selection

The six elected Management Committee members shall select from their number four officers: the Chair, Vice-Chair, Secretary and Treasurer. They shall also select from their number the Chapter Council representative and the Social Programs Chair. Notification of Section officers, the Chapter Council representative and the Social Programs Chair shall be given to the Chapter Executive Committee and the Club Council, or their designees, during January of each year. Notification of appointees shall be given as soon as possible after such appointment.

#### 3.2 Duties of Officers

##### A. Chair

The Chair shall preside at all Section and Management Committee meetings; enforce the Bylaws; call meetings as empowered or directed; appoint, with the consent of the Management Committee, all standing and special committees; exercise general supervision over Section affairs; and have such other powers as ordinarily accompany the office.

##### B. Vice-Chair

The Vice-Chair shall, in the absence of the Chair, perform the duties of the Chair. The Vice-Chair shall chair the Schedule, Leadership and Safety Committee and be a member of the Mountain Records Committee.

##### C. Secretary

The Secretary shall maintain a record of Section and Management Committee meetings at which business is conducted; have custody of Section records, including those relating to Section history; maintain written Section policies and administrative procedures to effect continuity from year to year; be responsible for Section correspondence; give notice of meetings as required; and be the chair of the Administrative Committee and a member of the Membership Committee. Under the direction of the Elections Committee, the Secretary shall prepare and mail ballots for all Section elections.

##### D. Treasurer

The Treasurer shall have custody of Section funds; keep proper books of account; make disbursements at the direction of the Management Committee; submit a report of Section receipts, disbursements and financial condition at the annual business meeting and at other times as directed by the Management Committee or the Chapter; submit an annual report to the Chapter Treasurer; purchase items for inventory, with the prior approval of the Management Committee; sell and safeguard inventory and account for it as directed by the Management Committee; maintain the Hundred Peaks Record book; notify the Editor of the newsletter of subscriptions and be a member of the Membership Committee.

#### 3.3 Appointees

The Chair may, with the consent of the Management Committee, appoint such persons to such positions as may be necessary or desirable.

#### 3.4 Power to Change

Management Committee members may exchange duties. The Management Committee may fill vacancies and replace appointees. Notice of any such change shall be given to the Chapter Executive Committee and the Club Council, or their designees, as soon as possible following such change.

### SECTION 4. COMMITTEES

#### 4.1 Designation of Committees

The Chair shall appoint, with the consent of the Management Committee, the members of standing and special committees. The standing committees are:

- A. Membership Committee
- B. Mountain Records Committee
- C. Schedule, Leadership and Safety Committee
- D. Administrative Committee
- E. Social Programs Committee
- F. Conservation Committee
- G. Nominating Committee
- H. Elections Committee
- I. Awards Committee

Special committees may be appointed for such objectives as the Management Committee may designate, consistent with the purposes of the Club, Chapter and this Section. The past Chair shall be a member of any committee appointed for the purpose of reviewing all or part of the Bylaws or proposing amendments to the Bylaws.

Committee chairs, where not designated by these Bylaws, shall be appointed by the Chair, with the consent of the Management Committee. At least one member of the Management Committee shall serve on each committee except the Nominating Committee, where no such member may serve, and the Elections Committee, where such members need not serve. Committee members shall serve until discharged. The terms of all committee members shall expire with the term of the Management Committee which appointed them. Except for the Nominating and Elections Committees (where it may only fill vacancies), the Management Committee may at any time add members to a committee and recall or replace any committee member. Committees not mandated by these Bylaws may be discharged by the Management Committee at any time.

#### 4.2 Committee Reports

Each committee chair shall regularly report to and consult with the Chair and the Management Committee. Each standing committee shall submit an annual report to the Management Committee. Special committees shall submit final reports if requested by the Management Committee. Each committee (except the Nominating and Elections Committees) shall consult with any corresponding Chapter committee.

#### 4.3 Standing Committees

##### A. Membership Committee

The Membership Committee, of which the Secretary and the Treasurer shall be members, shall assist in recruiting new members and in welcoming and encouraging them to participate in Club and Section activities. The Membership Committee shall assist potential members in interpreting Section membership requirements. The Membership Committee shall receive, review and, upon verifying that all requirements are met, submit to the Management Committee for its final action, all applications for Section membership. The Membership Committee shall also receive, review and, upon verifying that all requirements are met, submit to the Management Committee for its final action, all applications for achievement recognition. The Membership Committee shall maintain a current address list of active Section members and a list of holders of 100 peak, 200 peak and list completion status. The Membership Committee shall consult with the Chapter Membership Committee on efforts to recruit and retain members.

##### B. Mountain Records Committee

The Mountain Records Committee, of which the Vice-Chair shall be a member, shall maintain climbing data (approaches, routes, private property restrictions, etc.), publish climbing guides, and maintain the official Section Peak List. Changes in the climbing guides and the Peak List, except for peak additions or deletions, may only be made by the Management Committee.

##### C. Schedule, Leadership and Safety Committee

The Schedule, Leadership and Safety Committee, which the Vice-Chair shall chair, shall establish Section trip schedules and approve Section trips. Trip schedules shall be designed to attract a broad range of participants. The committee shall take cognizance of safety, including the administration of Chapter safety policy, leader qualifications, and leadership training. The committee shall, subject to Management Committee approval, establish Section Outings Procedures and shall administer such procedures. The committee shall administer Section property such as first aid kits. The Vice-Chair shall serve as Outings Chair. If the Vice-Chair does not meet the qualifications for Outings Chair, as set forth in the Section's Outings Procedures, another qualified Section member shall serve as Outings Chair.

##### D. Administrative Committee

The Administrative Committee, which the Secretary shall chair, shall publish and mail the Section newsletter. Publication dates and subscription prices shall be determined from time to time by the Management Committee.

##### E. Social Programs Committee

The Social Programs Committee, which the Social Programs Chair shall chair, shall develop a social program for the Section and plan and coordinate Section social activities, including monthly social evenings, the annual banquet and other appropriate social activities, such as picnics, campfire programs, etc.

F. Conservation Committee

The Conservation Committee shall further the conservation objectives of the Club and Chapter, assist Club and Chapter conservation actions, and supervise specific conservation action programs as authorized by the Management Committee. The Conservation Committee, or the Management Committee, may create issue and action subcommittees which report to the Conservation Committee, and to the Management Committee as requested. The Conservation Committee chair, or an alternate Conservation Committee member selected by the chair, shall represent the Section on the Chapter Conservation Committee.

G. Nominating Committee

The Nominating Committee shall consist of such members and perform such functions as are set forth in paragraph 2.7 of these Bylaws.

H. Elections Committee

The Elections Committee shall consist of such members and perform such functions as are set forth in paragraph 2.7 of these Bylaws.

I. Awards Committee

The Awards Committee shall recommend to the Management Committee candidates for the awards set forth in paragraph 8.1 of these Bylaws. The Management Committee shall select award recipients.

Meetings of standing and special committees shall be at the call of their respective chairs and shall be scheduled so as to discharge efficiently and effectively their duties as designated by these Bylaws or as directed by the Management Committee.

SECTION 5. FINANCES

5.1 Receipt of Funds

The Section may receive funds from the Chapter, in a manner specified by the Chapter Executive Committee. The Section may assess and collect dues from its members. Voluntary contributions may be accepted and expended for supplies, equipment, refreshments, prizes or other expenses provided such expenditures are consistent with the policies or instructions of the Club Board of Directors, the Club Council and the Chapter. The Section may assess reasonable fees, to be established from time to time by the Management Committee, for the Section's newsletter and for other items, such as pins, patches and other insignia, available for sale by the Section.

5.2 Fund-raising

Consistent with the policies or instructions of the Club Board of Directors, the Club Council and the Chapter, the Section may conduct fund-raising and other activities which require members, as well as others, to pay a fee to participate. The Section may not raise money by direct mail appeals.

5.3 Funding for Outings

Section outings shall be conducted on an independent financial basis, except insofar as they are net fund-raising activities authorized by the Management Committee and are consistent with the policies or instructions of the Club Board of Directors, the Club Council, and the Chapter. Section funds shall not be used for outings, except insofar as they are derived from outings; however, the Management Committee may authorize the Treasurer to make advances for the purpose of outings.

5.4 Bank Accounts

The Management Committee may authorize the opening of checking and savings accounts, in institutions insured by the FDIC or FSLIC and in the name "Hundred Peaks Section, Angeles Chapter of the Sierra Club," and regulate withdrawals. The Treasurer shall maintain checking and savings account statements and records. Either the Treasurer or the Chair may sign checks and withdrawal requests. Upon a change of officers, new signature cards shall be signed and presented promptly to the appropriate financial institutions before checks can be signed or withdrawals made by the new officers. No signatory shall sign a check made payable to himself or herself. The Section shall account for all Section funds to the Chapter.

5.5 Deposit of Funds

Unless otherwise specified by the Management Committee or Chapter Executive Committee, all monies received by the Section shall be delivered to the Treasurer for deposit in the Section's accounts.

5.6 Delegation of Authority

Subject to these Bylaws and the Club Bylaws, the Management Committee may delegate authority to Section committees and may authorize expenditures by Section committees, but the Management Committee shall retain responsibility and control. Any committee so authorized must provide a proper accounting to the Treasurer and Management Committee.

5.7 Prohibitions

Neither the Section nor any entity thereof may borrow money or own real estate.

5.8 Fiscal Year

The fiscal year of the Section shall coincide with the fiscal year of the Club.

SECTION 6. PEAK LIST

6.1 Maintenance of List

The Section and its Mountain Records Committee shall maintain an official Peak List which shall be published in the Section newsletter in the first issue of each year if there have been any changes in the List during the preceding year.

6.2 Changes in List

Additions to and deletions from the Peak List of specific peaks may be made only by a vote of the active members in a mail balloting conducted in accordance with paragraph 1.6 of these Bylaws. Corrections to the Peak List, such as changes in altitudes, maps, etc., may only be made by the Management Committee.

6.3 Recommended Additions and Deletions

Recommendations for additions to and deletions from the Peak List may only be made by the Management Committee. Any Section member may submit written proposals for additions to or deletions from the Peak List to the Management Committee. Such proposals shall be submitted at least sixty (60) days before the annual business meeting and shall describe the peak(s) involved and the reasons for the proposed change(s). If the Management Committee decides against including any such proposal in the ballot, it shall notify the proponent(s) in writing at least thirty (30) days before the annual business meeting. Any such proposal shall nonetheless be included in the ballot if a petition to such effect, signed by at least twenty (20) active members, is submitted to the Chair at least fifteen (15) days before the annual business meeting.

6.4 Requirements for Additions or Deletions

To be considered for addition to the Peak List a peak must meet the following requirements:

- A. The peak must be a named summit listed on a USGS topographic map, or a USFS map, or be a designation officially adopted by the U.S. Board of Geographic Names. Peaks identified by a named Vertical Angle Bench Mark qualify as named summits. In case of conflict, the designation officially adopted by the U.S. Board of Geographic Names shall be used. Club, Chapter or Section usage names may be used as determined by the Management Committee when no official name is given.
- B. The peak must lie within Southern California. Southern California shall be defined generally as that area south of the northern boundaries of San Bernardino, Kern and San Luis Obispo Counties. More specifically, Section boundaries are:
  - a. From the Pacific Ocean eastward along the Mexican Border to the 116 degree meridian (just east of the San Diego County line).
  - b. Northward on the 116 degree meridian to the 34 1/2 degree parallel (passing through Apple Valley).
  - c. Westward on the 34 1/2 degree parallel to the 117 1/2 degree meridian (just east of the Los Angeles County line).
  - d. Northward on the 117 1/2 degree meridian to the San Bernardino/Inyo County line.
  - e. Westward on the northern San Bernardino, Kern and San Luis Obispo County lines to the Pacific Ocean.
  - f. South and east along the Pacific Ocean to the Mexican Border.
- C. The peak must be at least 5,000 feet in elevation above mean sea level. In case of conflict between maps, the elevation stated on the latest USGS topographic map shall govern.
- D. Elevation gain must be at least 1000 feet one-way from the most suitable passenger car roadhead and at least 1000 feet one-way from the nearest listed Section peak.

- E. The peak must be at least one mile from the nearest listed Section peak.
- F. Access must be unrestricted and there must be no requirement for obtaining permission of an owner to climb the peak.
- G. The peak should have features that give it some character. Examples are good view, attractive climb, interesting history or prominence of the immediate summit area.
- H. There must have been a scheduled Section trip to the peak.

A peak may be deleted from the Peak List when it ceases to meet one or more of the criteria for the addition of a peak to the Peak List or when the members determine that its continued listing is no longer in the best interests of the Section.

#### SECTION 7. RECOGNITION OF ACHIEVEMENT

##### 7.1 100 Peak Emblem

The Management Committee shall award 100 peak status to an active Section member who has climbed 100 peaks on the Peak List and has submitted to the Treasurer a written list of peaks climbed including dates of ascent. Members awarded 100 peak status shall be entitled to wear the 100 peak emblem.

##### 7.2 200 Peak Bar

The Management Committee shall award 200 peak status to an active Section member who has climbed 200 peaks on the Peak List and has submitted to the Treasurer a written list of peaks climbed including dates of ascent. Members awarded 200 peak status shall be entitled to wear the 200 peak bar.

##### 7.3 List Completion Pin

The Management Committee shall award list completion status to an active Section member who has climbed all the peaks on the Peak List and has submitted to the Treasurer a written list of peaks climbed including dates of ascent. Members awarded list completion status shall be entitled to wear the list completion pin.

#### SECTION 8. AWARDS

##### 8.1 Annual Awards

The Section shall make two awards each year. The R.S. Fink Service Award is made in recognition of distinguished overall service to the Section. The Leadership Award is made in recognition of outstanding leadership on Section outings. The Management Committee shall maintain criteria for recipients of these awards.

##### 8.2 Special Awards

The Management Committee may make special awards. The Awards Committee may make recommendations for special awards to the Management Committee.

#### SECTION 9. PROCEDURAL MATTERS

##### 9.1 Interpretation of Bylaws

All questions as to the construction or interpretation of these Bylaws shall be decided by the Management Committee. Appeals from such decisions may be made to the Chapter Executive Committee. All procedures not prescribed by these Bylaws or the Bylaws of the Chapter or Club shall be in accordance with Roberts' Rules of Order, revised.

##### 9.2 Amendments

These Bylaws may be amended only by a majority vote of the Management Committee and of all mail ballots cast by active Section members in an annual or special election, followed or preceded by approval of the Chapter Executive Committee. If an amendment to the Club or Chapter Bylaws creates a conflict with a provision of these Bylaws, such conflicting provision of these Bylaws shall be automatically repealed. The Management Committee may submit an appropriate amendment to these Bylaws to Section members for vote. The Management Committee may replace such conflicting provision with a temporary rule pending the result of such vote.

##### 9.3 Notification of Amendments

If these Bylaws are amended, Section members shall be notified by publication of such amendment, or a summary thereof, in the next issue of the Section newsletter. Where the Chapter Executive Committee has approved an amendment prior to submission of such amendment to a vote of Section members, it shall be notified of the results of such vote as soon as possible following such vote.
